Media Briefing on Flood Fights and Critical Levee Repairs April 20, 2006
11:30 a.m. in State Capitol Room 1190

The California Department of Water Resources (DWR) will provide an update on current conditions in the Central Valley flood control system and recent flood fights on the San Joaquin River. DWR officials will also give a status report on the project to repair critical levee erosion sites, as directed by Governor Schwarzenegger's February 24, 2006 emergency declaration.

The briefing is at 11:30 a.m. in Room 1190 of the State Capitol. [Time changed from 10:30 to 11:30.]

The Department of Water Resources operates and maintains the State Water Project, provides dam safety and flood control and inspection services, assists local water districts in water management and water conservation planning, and plans for future statewide water needs.
